*Sutstainable Funding Strategy*

- ICMS licenses to be purchased by each teams
- Provision of 50 licenses with related customer service, online training
- ICMS face to face courses available to teams
- 5-year license
- Cost licenses covers the ESRI fees as well software development and maintenance cost.
- Those costs are reduced to the minimum thanks to ESRI sponsorship and the volunteer work of the IMWG
- The license fee will be a one-time expense of about 7500 Euro for 5 years.
- Price might be even further reduced if/when a sponsor/partners will cover development costs.

Session 5: Governance Review – Policy Recommendations, Annex I

INSARAG Governance Review

The INSARAG Governance Review underscores the need for a strategic pivot to remain relevant in a humanitarian landscape increasingly shaped by climate-driven emergencies.

Recommendations centre on aligning INSARAG's structure with current needs, enhancing local response capacities, and prioritising diversity and accountability.

A proposed shift toward regional capacity-building aims to reduce reliance on international USAR teams by fostering self-sufficiency in disaster-prone areas.

Session Objective:

Review the *Technical Recommendations* and confirm a *Team Leaders' position*

Recommendation

Recommendation 10: Quarterly inductions by RFPs for new focal points – Policy, Operational, Team, WG Chairs / Vice Chairs, Regional Chairs / Vice Chairs. To include information on their roles and responsibilities vis-à-vis the network, expectations on participation and contribution etc.

Recommendation 12: Add points below to the PFP Terms of Reference.
· that only PFPs can take decisions or endorse at INSARAG meetings where policy / financial impact decisions are required
· that they can delegate decision making authority where necessary
· PFPs need policy and / or financial decision-making authority, able to make decisions during meetings based on either their own direct authority or through prior ministerial/high level approval of budgets, USAR strategy etc
· that they should reinforce compliance of national governmental teams with the INSARAG Guidelines

Recommendation 13: Change the gendered language within the ToR. See Vol 1, Section X.X which says 'his' team. Change to 'their' team.

Recommendation 14: In addition, for PFP, OFP and TFP, the ToR should include mandatory attendance at an induction session for new focal points, led by OCHA ERS RFPs overseeing their respective regions.

Recommendation 15: At least one annual meeting to be held between PFPs, OFPs and TFPs from both governmental and NGO teams on issues pertaining to USAR and the INSARAG network. This could include an induction session held back-to-back with regional meetings.

Recommendation 21: Develop a ToR for the role of RFP, clearly detailing the activities that they are able to undertake in support of the Troika.

Recommendation 28: Amend the ToRs for PFPs and OFPs to i objectives and financial commitment to USAR. Ensure inclusion elsewhere in this review.

Recommendation 29: Amend the ToRs for OFPs and TFPs to inclu and financial commitment to USAR. Ensure inclusion of this respo review.
